

You're Invited to Switch On BT Webwise

New, Free Online Protection

As a BT Total Broadband customer*, you can try an exciting new service called BT Webwise.

When switched on, BT Webwise:

- Provides extra protection from suspected **fraudulent websites** designed to steal your personal details through "phishing" (e.g. fraudsters impersonating bank websites) by warning you if you are about to visit one of these websites.
- Makes the ads you see on participating websites more relevant to you by anonymously matching them to your interests.

BT Webwise is offered completely free with your BT Total Broadband package, with no software or download required. Revised [BT Total Broadband Service Terms](#) and [Privacy Policy](#) will apply if you choose to switch on BT Webwise.

If you've seen this page before:

- You may have left this page without choosing to switch BT Webwise on or off last time, so we are showing it again to ensure we record your choice.
- BT Webwise uses cookies to tell us whether you've switched it on or off; if you've deleted your cookies after switching BT Webwise on or off you may see this page again.
- Find out how to switch off BT Webwise without using cookies, at www.bt.com/webwise.

*You may be viewing this invitation as a user of a BT Total Broadband service for which you are not the account holder. Please ensure you have the consent of the account holder when choosing to decline or accept this invitation.
